

At the August 22, 2008 Sylvania Lake Association meeting, those present chose this new logo for the Association.

Sylvania Lake Association MISSION STATEMENT

As members of the Sylvania Lake Association, we welcome all campers and visitors to share and enjoy the crystal clear water and beautiful shores that make Sylvania Lake so special.

Please know that, as residents, we are deeply concerned about the preservation of this fragile ecological neighborhood and thereby commit our time, efforts, and resources to keep Sylvania Lake safe for all to use and free from water, air, noise, and visual pollution.

For that to occur, we ask all people who enjoy the lake to share the responsibility of maintaining this rare environment so that generations in the future can appreciate the lake as much as we do now.

Therefore, it our goal and our mission, as a homeowners association, to protect the unique qualities of Sylvania Lake at all times and in every way.
