**TOWN OF FOWLER  
BUILDING PERMIT REQUIRED NOTICE**

The Town Board & Town Code Enforcement Officer would like to remind Town of Fowler residents and contractors that building permits are mandatory before any work is started in the Town of Fowler.

As of January 1, 2021, revisions to the building permit fee schedule include a \$50.00 penalty for anyone beginning a building project without a completed, approved, and paid for building permit application. Starting any work without a permit will also include a stop work order and violation answerable in the Town of Fowler Court.
